Low	Low to Medium	Medium	Medium to High	High

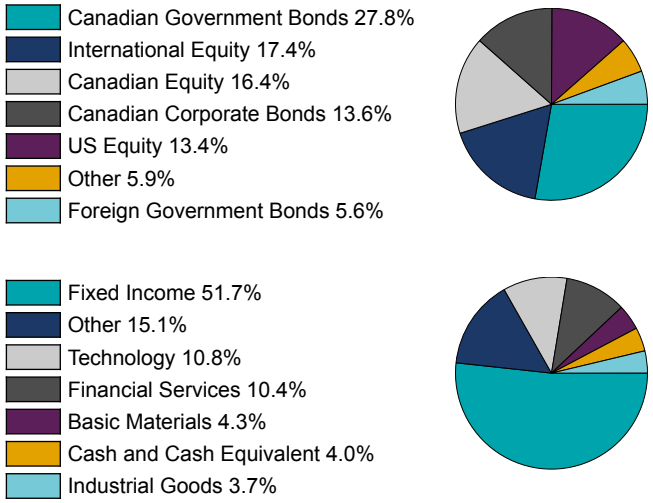

Key investment risks: Commodity Risk, Credit Risk, Derivative Risk, Equity Risk, Foreign Market Risk, Interest Rate Risk, Liquidity Risk, Securities Lending Risk, Underlying Fund Risk

Note: There may be other applicable risks. See the Contract and Information Folder for a description of investment risks.

Are there any guarantees?

This segregated fund is being offered under an insurance contract. It comes with guarantees that may protect your investment if the markets go down. The MER includes the insurance cost for the Investment Class. Where applicable, an additional fee is charged to the contract for the Estate Class and the Protection Class. For details, please refer to the contract and information folder.

Investment segmentation (December 31, 2025)

How has the fund performed?

This section tells you how the fund has performed over the past 10 years for a contractholder who chooses the Investment Class. Returns are after the MER has been deducted.

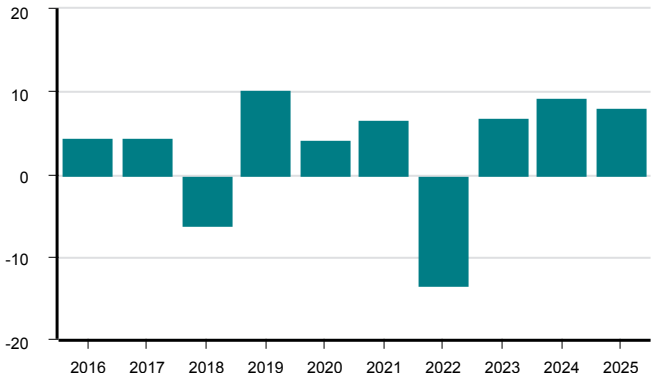

It's important to note that this doesn't tell you how the fund will perform in the future. Also, your actual return will depend on the guarantee class you choose and on your personal tax situation.

Average return

A person who invested $1,000 in the fund 10 years ago now has $1,367.85. This works out to an average of 3.18% a year.

Year-by-year returns

This chart shows how the fund has performed in each of the past 10 years. In the last 10 years the fund was up in value 8 years and down in value 2 years of the 10.

IMPORTANT NOTE: A fundamental change was made to the underlying fund effective June 7, 2021. This change would have affected the segregated fund's performance either positively or negatively had the change been in effect throughout the periods shown.

Ongoing fund expenses

The MER includes the management fee and operating expenses of the fund. It also includes the insurance cost for the Investment Class. You don't pay these expenses directly but they will reduce the return on your investment. An additional cost applies to the Estate Class and the Protection Class and is paid out of the contract each month which leads to a slightly lower net rate of return. For details about how the guarantees work, please refer to the contract and information folder.

Trailing commission

Equitable pays your advisor a trailing commission of up to 1.0% for as long as you own the fund. It is for the services and advice your advisor provides to you. The trailing commission is paid out of the management fee. You don't pay these expenses directly.
