Ongoing Fund expenses

The MER includes the management fee, insurance fee, operating expenses, and any Underlying Fund MERs. You don't pay these expenses or the MER directly but they will reduce the return on your investment. An additional guarantee fee applies to the Estate Class and the Protection Class. It is paid out of the Contract each month which leads to a slightly lower net rate of return. For details about how the guarantees work, please refer to the Contract Provisions and Information Folder.

Trailing commission

Equitable pays your advisor a trailing commission of up to 1.0% for as long as you own the Fund. It is for the services and advice your advisor provides to you. The trailing commission is paid out of the MER. You don't pay this commission directly.
